Cataract Can't Be Cured
with LOCAL APPLICATION, as
they cannot reach the seat of the dis-
ease. Cataract is a blood or constitu-
tional disease, and in order to cure it
you have to take internal remedies.
Hill's Cataract Cure is taken internally,
and acts directly on the blood
and mucous surface. Hill's Cataract
Cure is a quick medicine. It was
prescribed by one of the best physi-
cians in this country for years, and is
a regular prescription. It is com-
posed of the best tonics known, com-
bined with the best blood purifiers,
acting directly on the mucous surface.
The perfect combination of the two
ingredients is what produces such
wonderful results in curing cataract.

Pure Democracy and White Supremacy

VOL. VIII.

CLINTON, N. C., THURSDAY, SEPTEMBER 18, 1890.

No. 49.

THE EDITOR'S CHAIR.

HOW THINGS LOOK FROM OUR STAND POINT.

The Opinion of The Editor and the
Opinion of Others which we
Can Endorse on the Various
Topics of the Day.

A NEW AND STRIKING IDEA.

The West Virginia State Alli-
ance, at its meeting held in
Charleston, W. Va., Aug. 15th,
1890, unanimously adopted the
following resolution:

WHEREAS, Of the three great
industries of the United States,
the agricultural, the commercial
and the manufacturing, the first
two are in the most depressed
state, therefore, with a view to
the betterment of their condi-
tion, be it

Resolved, That the legislative
committee of the National
Farmers' Alliance and Industri-
al Union be requested to pre-
pare a bill for presentation to
the present or the following
Congress, containing this pro-
vision, viz: "That all vessels
built, owned and manned by
citizens of the United States
that carry a full outgoing cargo,
to be determined by the ton-
nage of the vessel, one-half at
least of which shall consist of
agricultural products, shall be
allowed to enter and discharge
their returning cargoes at any
port of the United States free of
all custom-duties." That we
are persuaded that such a mea-
sure properly carried out in de-
tail will not only build up the
shipping interest of the country,
but result in creating a foreign
market for the surplus agricul-
tural products of the United
States.

This seems to us to be an idea
that if carried into effect would
have important, far-reaching and
gigantic effects. It would not
only be a death-blow to tariff
imposition, but would enhance
the value of farms and farm
products by creating a free for-
eign market. Would it not be
productive of good in two direc-
tions, and at the same time do
justice to no one? Who can
show that it is unconstitutional?

LET US HAVE HARMONY.

For the sake of the Demo-
cratic party of North Carolina,
and in order to hold intact its
organization, to maintain its so-
lidity, perpetuate its unity,
thereby preserving peace and
harmony within the ranks of
the party; and in order to pre-
vent disruption, to suppress
strife, to avoid bitterness and
contention; and to maintain
among all the people of the
State, regardless of trade, pro-
fession or calling, that perfect
confidence and good will that
is necessary for the welfare of
the people and essential to the
party's success, it is absolutely
essential for every Democrat to
put his shoulder to the wheel
and go to work. And not only
is it essential that thorough and
efficient work be done, but we
believe it is unwise and unad-
visable for any parties to seek
to create division in the ranks
of the party or do that which
will tend to prevent harmonious
and earnest co-operation upon
the part of all Democrats. Har-
mony and united action alone
will bring success, and these are
not promoted by denunciations
or bickerings.

The Democratic party is all
right—the people are all right—
and the differences between
Democrats that are kept up con-
tinually and put prominently
before the public are the only
clouds on the political horizon.

Let us have harmony and united
action!—State Chronicle

The resolutions adopted by
nearly all recent State conven-
tions recommend an increase in
the volume of currency, but are
silent as to the means of getting
this additional currency out of
the United States Treasury
among the people. There are
but three methods at present:
through national banks, national
expenditures, or the purchase of
national bonds. By which pro-
cess it is proposed to distribute
this much needed increase? The
process of the Alliance is ridi-
culed by some, but it will be
the process until some one can
offer a better one.

If the country is in danger
and the party in jeopardy when
farmers, who are largely in ma-
jority, dominate the parties to
which they belong, why is not
both the country and the party
in a worse fix when the paid
agents of capital who are large-
ly in the minority dominate
both parties? If you answer
that it is, then what is there to
fear from the farmers' move-
ment? It is a menace to none
but the rule or ruin faction of
professional politicians who ar-
range upon productive indus-
try and constitute a form of dis-
ease never dreamed of by the
founders of this government.—
National Economist.

The great tidal wave of re-
form is sweeping over the coun-
try with irresistible force, leav-
ing hundreds of political ma-
chine wrecks in its wake. More
wrecks the better for the peo-
ple.

What is politics worth to a
man if it don't benefit him. The
sort of politics that we want is
the kind that will bring pros-
perity, not to a limited number,
but to all.

**A CANDID ANNOUNCEMENT
FROM A MAN OF FEW
WORDS.**

Samuel Colgan, an ambitious
office-seeker of Edgecombe Co.,
South Carolina, makes the fol-
lowing unique announcement of
his candidacy through the col-
umns of a local paper:

To the Good People of Edgecombe:
The wind bloweth where it
listeth and no man can tell
whence it cometh or whether it
ceaseth. But I am not that kind
of a cat. I am a man of few
words, and if elected county com-
missioner I propose to reform,
beautify, adorn, resuscitate, re-
juvenate and rehabilitate Edge-
combe county from the edge of
the water up to the top of the
rock. I am a laboring man and
hard wood. If not elected I can
haul on. I would say more, but
I am a man of few words.

TRADES CONVENTION.

Gov. Fowle has gone to At-
lanta to attend the meeting of
the Trades Convention of the
Southern States, which meets to-
day. The delegates from this
State are: Major R. S. Tucker,
Raleigh; Col. W. J. Green, Fay-
etteville; Col. V. E. McBee,
Shelville; M. W. Norfleet, Win-
stons; Col. E. J. Parish, Durham;
R. M. Gates, Esq., Charlotte; Col.
J. W. Atkinson, Wilmington; J.
A. Meadows, Esq., New Bern.

—State Chronicle.

Do you keep your room tidy?
—A look into the bed room of a
boy or girl will give one an idea
what kind of man or woman he
or she will probably become. A
boy who keeps his clothes hung
up neatly, or a girl whose room
is clean always, will be very
apt to make a successful man
or woman. Order and neatness
are essential to our comfort as
well as to that of others about
us. A boy who throws down his
cap or boots anywhere will
never keep his account in shape
will do things in a slovenly
careless way, and not be long-
wanted in any position.—Con-
gregationalist.

One of the important unan-
swered questions of the hour
is: What factors of the social
or economic conditions govern
legislation? That some unseen
power controls every act of Con-
gress is no longer a matter of
doubt. That certain concealed
forces step in between the peo-
ple and equitable laws the con-
dition of all labor in production
is positive proof.—National
Economist.

Senator Vance in the Senate
ridiculed the idea that the far-
mer derives any benefit from
the Tariff, and said he hoped to
see "American manufacturers
flourish just as agriculturalists
flourished * * * by the sweat
of their brows and by their own
honest industry, instead of by
the sweat of the brows of his
people and of their honest in-
dustry. To that we say amen.—

NEGRO CONVENTION.

THE SAMPSON NEGROES
TEAR LOOSE FROM WHITE
"BOSSSES" AND SELF-MADE
"LEADERS," & DECLARE
THEMSELVES THE
REPUBLICAN PAR-
TY.

They Will no Longer be "Hewers
of Wood and Drawers of
Water."

A REPRESENTATIVE AND ORDERLY
BODY.

A Convention of forty or fifty
of the representative negroes of
the county met in the court-
house, in Clinton, on last Sat-
urday. The immediate object
of the meeting was to appoint
delegates to the Republican
Congressional Convention that
meets in Warsaw on the 24th
inst.

They claimed that Chairman
Ward of the County Executive
Committee had refused to call
a convention for this purpose,
saying that the delegates had
already been appointed by him.

Whereupon the chairman of the
township committees made a
call for the above meeting, which
they claim to be legal under
their plan of organization. Mil-
ton Holmes presided over the
meeting. He stated briefly its
object and why it was called.

He said he had been chosen by
the "bosses" as a delegate, but
he would not and could not say
that four of them had the power
to elect delegates for the whole
county.

Committees on credentials and
resolutions were appointed.

In the absence of the commit-
tee Rev. W. R. Mainer address-
ed the convention in a very
earnest, forcible and inspir-
ing manner.

The committee on credentials
reported about ten townships
fully represented.

On motion the committee on
resolutions reported the follow-
ing:

PLATFORM.
We, the colored Republican
voters of Sampson county, feel-
ing that the time has arrived
for us as men and citizens to
break our silence concerning
the attitude and treatment of
us by the managers or "Bosses"
of the Republican party in
district and county, do so with-
out any hesitation and relucta-
nce. Every since the return of
the Republican party to power
in the nation, there has been a
silent, but firm and unrelenting
opposition on the part of the
managers and Bosses of the
party towards giving the color-
ed voters any recognition in
the distribution of the patro-
nage at their disposal. We
have always been loyal, faith-
ful adherents of the Republi-
can party, and shall ever re-
main true to those principles
which underlie its foundation.

And because we are such true
and genuine Republicans, we
feel that we can no longer hold
our silence when we see those
who claim to represent the
principles of the party so de-
relict or forsaken in their duty
and so utterly unmindful of the
claims of an element which
forms the bone and sinew of
the party in this district and
county.

To say the least, we think
it very ungrateful in those who
have been lifted into political
power by our suffrages and then
to kick from beneath them the
ladder by which they have
risen. While they do not say
so in words, yet their actions
are indicative of the fact that
they have systematically or-
ganized a combination in the
county and district whereby
the whites holds all the offices
and the negroes do all the vot-
ing.

As true Republicans, we de-
precate and oppose the forma-
tion of a negro party as much
as we do a white man's, but the
continued and persistent dis-
regard of us who are entitled to
some consideration for the past
services will compel us to as-
sert our manhood, self-respect
and independence in the future.
Therefore it is resolved:

1st, That it is the sense of this
convention that the interest of
the colored man has been great-
ly neglected and his just de-
mands entirely ignored by the
managers and bosses of the
Republican party.

Resolved 2, That it is to the
interest of the race to act in
such a manner in the future so

as to break down race prej-
udices as far as in its power to
do so and prove ourselves
worthy citizens of the common-
wealth and always to cast our
ballots in the interest of our
race, and no longer to be led
by the promises of politicians
for self-interest, but stand by
those who respect our claims
as citizens, ever adhering to the
principles of the Republican
party when they are in harmony
with our highest political wel-
fare.

Resolved 3, From this date
we give notice that we will
cease to be hewers of wood and
drawers of water—if our in-
fluence and voting strength can
prevent it.

Resolved 4, That the object
of this convention shall be to
decide, if possible, the political
course the colored man of this
county shall pursue in the fu-
ture.

Resolved 5, That we recom-
mend the call of a district or
Congressional convention which
convenes in Warsaw September
24th 1890.

Resolved 6, That we recom-
mend the Hon. G. C. Seacroft
of Cumberland county for our
candidate to Congress from the
3rd Congressional District of
North Carolina believing him
to be a staunch friend and his
motto, is his race first, last and
all the time and we recommend
and instruct our delegates to
vote for him first and last in
the convention at Warsaw on the
24th inst.

G. W. HERRING, Chm.
W. C. CARLTON,
G. HERRING,
A. PETERSON,
HARRY BENTING, Committee.

A. R. Middleton, a prominent
negro of Duplin county being
present was called. He spoke
about one hour, very feelingly
of the treatment of the colored
voters by the "bosses" and urged
Sampson to do as Duplin and
the negro convention at Raleigh
had done. He pointed out how
the negro was petted and prom-
ised many things during the
vass was over, if the negro asked
for anything the common re-
ply was "you d—n niggers leave
me; I haint got time to be fool-
ing with you. You must wait,
&c., &c., &c." He said that the
Republicanism of the white
bosses was "office deep and dol-
lar wide."

The following were elected
delegates: G. W. Herring, O. E.
Robinson, W. C. Carlton
and Milton Holmes. Alternates—
S. M. Peterson, D. D. Devane,
Green Herring and Curtis Rob-
inson.

If this convention represents
the true feeling of the colored
people of this county they are
certainly aroused as to their real
political status and recognized
the fact that the white men of
the Democratic party are and
have been their best friends.

It was the most orderly intel-
ligent and respectable assem-
bling of negroes ever seen in
the county. There was no
bluster or haranguing, but
everything moved on quietly
and in a business like way.

The convention adjourned to
meet on the 4th day of October.

PROTRACTED MEETINGS.

Avoid reproving, giving di-
rections as to behavior, as much
as possible during the meeting.
The pastor ought not to wait
until the protracted meeting
commences to introduce the sys-
tem of good behavior in his
church which is very desirable
at all times. He should study
his congregation closely, and if
he finds that he has some hear-
ers who are rude and behave
badly in church, he should re-
prove them, kindly at first, more
sharply afterward if necessary,
and continue this plan until he
has so drilled his congregation
that he will have no trouble
with them during the protract-
ed meeting.

In such meeting, however, and
especially when they become in-
teresting, there are often many
attending who are not usually
members of his congregation,
and hence may disturb him more
or less, by rude behavior. The
pastor in this case may be com-
pelled to reprove such, but he
should do so, if possible, with-
out losing his temper. Sharp
and rough reproofs often cast a
damper upon the meeting from
which it may be slow to recov-
er. If there are quite a number
of young people congregated in
the back part of the church,
bent on having a "good time,"
as they call it, a good plan is to
place a prudent deacon or so
among them, with instructions
to suppress, in a quiet way, all
conduct calculated to interrupt
the service. This saves the pas-
tor a good deal of trouble.—Se-
lected.

Our Farmers' Column.

SOMETHING INTERESTING
TO THOSE WHO TILL
THE SOIL.

"There is no material progress that is well
based and permanent without agricultural
progress."

**EXCHANGE OF COTTON SEED FOR
MEAL.**

Ought I to exchange my seed
with the oil mill, getting meal
in return at the rate of one ton
of meal for two tons of seed?
Emphatically no, if the meal
is not returned to the land
either as a mixed fertilizer, or
as manure after passing through
stock. Two tons of seed con-
tain forty-six pounds phosphor-
ic acid, 120 pounds of potash,
and forty-eight pounds of iron,
valued at \$20.30, giving
the same value as to commercial
fertilizers the past season.

One ton of meal contains fifty-
six pounds phosphoric acid,
172 pounds of ammonia and
thirty-two pounds of potash,
valued at \$26.76. I give to the
oil mill men materials worth
\$20.30 and they give me in re-
turn materials worth \$26.76. I
make \$6.46 by the transaction.
This is no fanciful sketch, but
actual fact. Are the oil mill
men not fools to give me this
\$7.46? Oh no, they save the
oil, which I do not want (as it
contains no fertilizing ingre-
dients), and sell it. They have
in addition the hulls from the
seed which are used for fuel
under the engine boilers or for
bedding.—H. B. Battle, Experi-
ment Station, Raleigh.

AGRICULTURAL FAIRS.

A properly conducted agricul-
tural fair is the best possible
educator to the observant far-
mer. The object lessons there
in exhibited appeal at once to
the eye and to the brain. To
see what some neighboring
farmer can do is an incentive to
renewed zeal on the part of the
visitor. The opportunity to
examine the best farm products
of ideas, the discussion of
methods, all tend to increase
the farmer's capacity for man-
aging his own farm. No enter-
prising farmer should fail to
support and assist his local and
county show?

So let every man roll up his
sleeves and help make the
Sampson Fair another big suc-
cess this year.

AN IMPORTANT CROP.

No kind of grain is better for
pigs, or yet for fattening hogs,
than field peas. They require
less labor than corn, and for
inducing thrifty growth they
are superior to any grain, ex-
cepting possibly wheat. A
patch of peas ought to be sown
expressly for the pigs, and as
soon as the peas are fully grown
a hurdle fence moved from
place to place will enable the
pigs to harvest the crop them-
selves. While the vines are
green they will eat pods and
leaves, but as soon as the peas
begin to ripen the pigs become
expert shellers. It is an ex-
cellent crop to grow in orchards,
and the rooting of the pigs in
search of scattered grain will
keep the surface mellow and
cover the droppings which they
make, thus insuring against
waste. To grow peas in orch-
ards and feed them down with
hogs there becomes a good way
of keeping the trees in best
condition.

Does farming pay? It don't
pay as well as railroading or
banking and never will until
the farmer gets a square deal
with those monied fellows.
Give the farmer an equal
chance and farming as a busi-
ness will be what it ought to
be.

THINK ABOUT IT.

A correspondent of the States-
ville (N. C.) Landmark tells of
a farmer in that vicinity who
has made farming pay. Accord-
ing to the correspondent the
farmer in question "has suc-
cessfully tussled with a \$20,000
debt made by a merchant partner,
and squared up every dol-
lar within five years, on a farm
valued at less than \$10,000. He
says that farming does pay and
as an evidence of that fact
there is no other business that
will succeed at all and pay as
high a rate of interest as that
of the farmers of this county
who buy on time—which is,
according to many statements,
from 50 to 100 per cent. No
man would think of merchandis-
ing on capital on which he
would have to pay 20 per cent,
yet farmers farm on year after
year and buy on time, paying
from 50 to 100 per cent for
things bought on time."

Sampson fair 1890 will be held the last week in November. Watch for the premium list.

Mr. Peterson is one of the authorized representatives of THE CAUCASIAN in lower Sampson to collect and solicit subscriptions. Give him your name and help sustain your home paper.

Clinton's merchants can compete successfully with those anywhere. On yesterday, two men from near Fayetteville and one from Bladen county bought suits of cloth from M. Hanstein of this place.

It is not necessary for us to make an apology for devoting so much of our space this week to the negro convention, for this is an important move on their part and will be of interest to our readers not only as news but also as a pointer to the signs of the times.

Policeman King and Mayor Hubbard are preparing for lock-up birds, who may recklessly tamper with John Barley-corn. They are enlarging the guard-house. Look out ye offensive offenders of the dreaded town ordinance.

We regret that circumstances forced us to break our appointment to deliver an address before the Sunday School Conference of Bladen last Saturday. Rev. Mr. Jerome has kindly furnished us with an account of the Conference, which appears in another column.

The first bale of cotton for 1889 was brought here on Sept. 18th. The first bale brought here this year was Aug. 22nd. Capt. William A. Johnson tells us that over 400 bales have been brought up to-day, and while the price is lower than it should be, yet it has ranged higher than any neighboring market, so we are reliably informed.

Dr. B. F. Marable preached in the Presbyterian church at this place on last Sabbath for the first time since July, having been giving a vacation to his congregation for the month of August. He compared the christian spirit to that of a mustard seed, in that it was small and also contained the germ of life which developed exceedingly under favorable circumstances.

1889 was not a good crop year, so we did not think hard of those who failed to pay subscription, but this is as good a crop year as we will probably ever have, so every one can certainly now pay the small amount due. We have been hard put to it to run the paper by being indulgent to so many, and now we greatly need the money, and just call on every one to come up and settle.

We were not able to go to Goldsboro on last Saturday to hear Vances great speech as we desired to, but a gentleman of that place who took a full report for another paper has promised to furnish us with it for next issue. We will give it in full so that our readers may see how he stands on the great issues of the day—we understood that he said: (when asked if he was going to Clinton) no; for if Sampson and Duplin are against me, then I do not want to be re-elected.

The Robesonian says that the Fayetteville canning factory is running constantly. Apples and tomatoes are being canned. The products of last year's operation have been sold, and orders are coming in constantly. The goods have taken well wherever introduced, and so it might have been with the Sampson canning factory, if our people would have taken hold of it a year ago, and so it might be in the future if they would take hold of it now. We must save and utilize our products or be poorer than we could be. We must create wealth or not have it.

Persons.

Miss Florence Faison is visiting in town at Mr. W. G. Hubbard's.

Mrs. John D. Kerr of Delta is visiting at Mr. L. C. Hubbard's.

The child of Mr. Henry E. Faison who has been quite sick is improving.

Mrs. Murphy, a sister of Mr. S. G. Worth has been spending several days in town.

Misses Sallie Powers and Sallie Hill of Warsaw are visiting at Mr. B. F. Fennell's.

Messrs. W. R. Allen and I. F. Dorch of the Goldsboro bar were in town this week on professional business, getting ready for the October term of Sampson court.

Mr. J. E. Royal has just returned from Baltimore and New York where he purchased a large stock of fall and winter goods. He says his store shall be the great store of small margins.

Mr. W. G. Hubbard of the firm of Messrs. A. F. Johnson & Co., has returned from the northern markets. He says that their one price cash store will be able to offer goods that will not only hold all their old customers but bring many new ones.

Maj. W. L. Faison who has been spending a month at Red Sulpher Spring (W. Va.) under medical advice for his health returned last night. He is looking stronger and much improved, we are glad to note. He will resume his duties as cashier of the Bank, and also buy cotton for Messrs. Sprunt and Son of Wilmington.

Certificates Granted.

County Superintendent Royal was examining teachers three days last week. Certificates were granted the following:

Whites—Misses Mammie S. Boyette, Minnie McCullen, Sue McCullen, Annie Clute, Mammie Fryar, Messrs. E. M. Peterson, Charles F. Carroll.

Colored—J. W. Fennell, J. T. Kerr.

SAMPSON FAIR FOR 1890.

The Ball Put in Motion for Another Big Fair—the Time Fixed and Speakers Invited.

The Executive Committee of the Sampson County Agricultural Society met on last Friday. President, W. K. Pigford, presiding.

Mr. John A. Oates was elected to fill the vacancy caused by the absence of Capt. O. L. Chesnut from the State. The Premium List was prepared which will soon be published. November 26th—29th was fixed as the time for the exhibit. Gov. Fowle was invited to open the Fair on Wednesday, Senator Vance to speak on Thursday and Col. Polk to speak Friday, Farmers' Day.

A committee was appointed to report at the next meeting on Sept. 24th, on improving and enlarging the Fair Grounds.

The outlook was never better for a big successful fair. Crops are good and abundant. Our last fair had but one poor exhibit—that was hogs. Barring the cholera, that will also be fine this year. Let every one roll up his sleeves and help.

"Folkism and Butlerism in Upper Sampson."

The following communication appeared in the Wilmington Messenger of Wednesday, September 10th:

Editor Messenger:—The Alliance men of Newton Grove township held the primary on the 6th inst., treating with disdain every proposition offered by any true Democrat outside of the order. One of the leaders, and formerly the president of the Newton Grove Alliance, (and by the way at this time a candidate for Legislative honors), was made chairman of the meeting, and on one occasion when a proposition looking to harmony, in the form of a motion, being presented by an outside Democrat, he mounted a goods box, looking around among his followers, and called out for opposition to the measure. There were probably fifty, as good men and firm Democrats as can be found in the community, seeing the disposition to rule at any hazard, refused to take any part whatever in the meeting, as did also some of the better men belonging to the order (he it said to their credit), so thoroughly disgusted were they with the proceedings. We are reliably informed that one of the lodges in the township held a special meeting on the night before the primary. No politics in the order! Such actions remind one of the days of Union Leaguism. Such is Folkism and Butlerism in upper Sampson to-day.

Who "Tim" is we do not know, but he slanders the good men who compose the Alliance of Newton Grove township. It is true the Alliance men were in the majority at the primary and they would have been untrue to themselves and the principles of the order if they had allowed delegates to be elected who are blindly opposed to every measure the order is advocating for the relief of the farmer. To show that the Alliance is not clamish and that it is principle that they were fighting for, Mr. Isaac Williams, who believes in the principles of the Alliance, though not a member, and as good a man as there is in Sampson county, was elected one of the delegates from Newton Grove township to the county convention.—Ed.

Sampson's Legislative Ticket.

Under the above heading, the Daily State Chronicle of last Friday has the following editorial comment. The nomination of Mr. Marion Butler, editor of the Clinton CAUCASIAN, for the Senate in Sampson county is an endorsement of his earnest and effective advocacy of a Railroad Commission. Some time ago State Senator Edwin W. Kerr commenced to stump Sampson county against a Railroad Commission, and his wisdom in 1889 against the Commission bill. He challenged any one to meet him and answer his arguments. Some of the people invited Mr. Butler to meet him, and he did so with signal success and successfully answered Mr. Kerr, who was confessedly the ablest opponent of the commission bill in the last State Senate. Mr. Butler's argument won the people and made him many friends. He has now been nominated for the State Senate to carry out their wishes. It is a great victory for so young a man and a great victory before the people for the advocates of a commission. Mr. Butler will come to the Senate upon a living issue and as its earnest exponent. His paper is one of the best in the State, and his position as ex-President and Lecturer of Sampson County Alliance, adds to his ability and his progress, will make him a conspicuous figure in the Senate. He looks somewhat like Tom Dixon, and is a graduate of the University. He was Chairman of the recent Congressional Convention in the Third District that nominated Hon. B. F. Grady. The nominees for the House of Representatives are two of Sampson's best men. Col. W. K. Pigford is, we think, President of the County Alliance and President of the Sampson county Agricultural Society—a gentleman of character, education and patriotism who commands the respect and esteem of all the people. Mr. R. R. Bell was one of Sampson's Representatives in 1887. He is as upright in his course as he is tall in physique, and is a Democrat of the old school.

County Superintendent Royal was examining teachers three days last week. Certificates were granted the following:

BLADEN S. S. CONFERENCE.

It was our good pleasure to be present at Center Sunday School Conference last week. The trip to us was brim full of pleasure, marred only by the length of the road and depth of the mud. This I think was the 6th annual reunion of the Sunday School Conference of this circuit organized first by Rev. Z. T. Harrison in 1884 and failing to meet for the next two years it was reorganized in 1886 and has met ever since annually with undoubted advantage to the circuit in many ways and with special advantage to the Sabbath Schools.

THE CONFERENCE was called to order on Friday by the president, Mr. J. F. Parker. And after the usual routine work, the published programme was taken up and carried out. The first day's exercises we missed, having been detained by Providential circumstances; but we learned that the programme was very interesting and instructive. We heard the speech of brother C. McG. Dunn highly commended. And some of the young ladies' essays, particularly that of Miss M. V. Cain was said to be well read. On our arrival

SATURDAY morning, the whole grounds appeared to be covered with horses, buggies and people. So large a concourse of people we don't remember to have seen in a long time. The house was packed full, even the aisles and every inch of available space was used and still the congregation was but little more than half seated.

THE SPEECHES were all good and useful to edifying, but that of Dr. W. H. G. Lucas deserves special mention. His subject was "What Are You Worth?" After a few preliminary remarks the Dr. showed some of the false ideas of Human Worth and the wonderful possibilities of real worth and riches to which we all might attain and concluded his speech with an appeal to all but especially Sunday School workers to strive to lay up treasures to their credit that fade not away. When he took his seat many eyes were wet with tears. And all felt that if they were not worth much it was their own fault. Some of the

BENEFITS arising from such an organization, are to get the best plans for organizing, and managing, and teaching a Sabbath School, to get a better knowledge and acquaintance with the people composing the pastoral charge, to develop the young and old in public speaking. And still other benefits are derived by an enthusiasm in all religious work. On this circuit particularly the

SINGING has derived great benefit from the Sunday School Conference. There were six classes present and never heard better singing anywhere by a Sabbath School class. The enthusiasm was great but no unpleasant spirit of rivalry. Antioch and Bethel classes have made wonderful improvement in their singing in the last two years. We are pleased to note that the

NEW CHURCH at Center is well proportioned and large enough for all ordinary occasions. The old church has been torn down and removed and an entirely new one takes its place. Deacons Chapel and Live Oak each hope to worship at an early day in new church buildings.

The hour having arrived for DINNER boxes, baskets, trunks &c., were unloaded and spread upon a table prepared in the grove which was about 165 feet long and was filled to overflowing everybody was invited to help themselves and all did eat and were filled and many baskets full were left.

We were pleased to learn that BROTHER MC CALL had ingratiated himself into the favor and good will of his people so well. They love him very much and say they are going to pay him every cent of his own salary and all the Conference collections. The male members of Center subscribed on last Sunday about 80 per cent of their part. And we do not doubt that that the last cent will be paid.

THE OFFICERS ELECTED for the next year were A. Mc A. Council, President; O. J. Gardner, Vice President; J. O. West, Secretary. Bethlehem was selected as the place for holding the next Conference.

DEATH OF REV. O. H. JOHNSON.

Rev. Owen H. Johnson, of Ingold township, died Wednesday night, the 10th of September. He was about seventy-seven years old and was a Local Deacon in the Methodist Church, of which he had been a member for more than fifty years. He had not been able to preach for several years, but was a man of great influence in his Church and community, a man of considerable means and liberal with it on the Scriptural idea. He never sounded a trumpet when he gave alms, nor let his left hand know what his right was doing. He was at his store in Ingold when taken sick and was never able to be carried home any more. He seemed conscious of approaching death but gave him no alarm. His four children were all present at his death, and mourned the loss of a father but not as they who have no hope.

MINO.

The rains—the rains! They come and our farmers are so sick. Their cotton short and the rains destroying what they have.

Mr. G. P. Lee and Miss Mary Hudson still improving.

We all were rejoiced to learn that Mr. Marion Butler received the nomination and all will be better pleased to go to the polls and rally for his support.

We learn that the Farmers' Dinner at Maple Grove was a success. If there are any people that deserve success I think it is the farmers.

Messrs. Houston and Jernigan have their gin in operation at the old Jernigan mill.

Mr. H. W. Jernigan's house is nearly completed. Mr. Kennedy is a fast and good workman. The house is 42x18, two stories high with piazza and back rooms, and has been built in about 5 or 6 weeks.

CROSS-EYED SAM.

A good roomy church is being built at Hickory Grove, near Beaman's X Roads. The members are making an effort to finish it by October 28th, at which time the South River Association meets with that church.

We have more weddings in Mingo than any other township in the county. Married, at Mrs. John R. Dudley's, Mr. J. E. Dawson to Miss A. B. Dudley. The attendants were as follows: Mr. G. L. Baggett with Miss L. A. Dawson; Mr. W. H. Dudley with Miss Julia Dudley; Mr. W. S. Strickland with Miss Marcella Barefoot; W. F. Strickland with Miss Rachel L. Dudley; Mr. C. P. Layton with Miss B. J. Dudley. Josiah Baggett, J. P., officiating.

Mingo says "Hurrah for Butler."

O. We are having a great deal of rain in this section, it is damaging cotton very bad.

We Democrats of Mingo are glad to hear that the nomination went like it did, we hope the election will go that way too.

Mr. Miles Jackson of Clinton paid a visit to see his mother the 15 inst. Mr. Eli Wilson received a very severe cut on last Monday 8th and died on Saturday night last.

TURKEY.

We are sorry to announce the death of Mrs. Jane Chesnut, which occurred last Thursday, the 4th inst. Rev. J. L. Stewart conducted the funeral services.

Miss Julia Jones, of Warsaw, opened a school at New Hope Academy last week with twenty-four pupils.

We are glad to learn that Messrs. J. L. and W. C. Hines, who have been very sick for the past five weeks, are improving.

Miss Mamie Fryar, of Magnolia, is teaching a public school in this township.

Mr. G. W. Byrd informs us that he has a musk melon that weighs 28 pounds. Who can beat that?

Mr. Peyton Rackley is 90 years old. He attended the primary last Saturday and enthusiastically supported the ticket that "got there."

Mr. Editor, you will let us hurrah for Senator Butler now, will you not?

DISMAL.

Mr. Editor: Western Sampson as it seems is never heard from through your paper, but the people are still living, you would be surprised to visit Antyville and see four stores run there by Capt. J. L. Autry, and the large amount of trade carried on there; others are also building; one hotel and one church going up.

On last Tuesday, Sept. 2nd, God saw it best to take from our midst Mrs. Joe Williams, age about twenty-four years. She was a member of the Methodist church. Leaves a husband, three children and many relatives and friends to mourn over her loss. She had been sick for about six weeks with typhoid fever.

There will be a church excursion from Antyville to Wilmington, but the day has not been set. We will let you know the time.

Dismal can boast over her fine crops.

RIP VAN WINKLE.

PINEY GROVE.

Rev. S. E. Wilson, of Trinity College, preached a very interesting sermon at the King's school-house last Friday night. His text was the 9th chapter, 13th and 14th verses of Hebrews. He earnestly showed the efficiency of animal's blood being placed on the door-post for the temporal salvation of the Israelites in Egyptian bondage, and also metaphorically set forth the parallel thought of applying Christ's blood to our hearts by a realization and a full recognition of his sacrificial life. Success to Brother Wilson.

Miss Annie Walker, of Pender, is visiting Miss Mary King.

TAYLOR'S BRIDGE.

Mrs. O. P. Jones is sick with bilious fever.

LISBON.

One of our oldest and most esteemed citizens, Mr. Owen Johnson, died a few days since.

HONEYCUTTS.

Misses Abbie and Annie Murry, of Warsaw are visiting friends in this section.

Rev. G. S. Best has been conducting a series of meetings at White Oak.

Mrs. J. B. Exum of Saulston Wayne county is visiting her father Prof. J. Royal and family at Huntley.

LITTLE COHABIE.

On Wednesday morning Sept. 3rd as the freight train came down from Fayetteville it killed three cows near the Big Swamp, and that night about nine o'clock as it came back the engineer was shot at but fortunately he was not hit.

A man in this section that is not a member of the Alliance, says that every Alliance man who does not vote for Butler for the Senate certainly is not true to the principles that he claims to support.

SEA WEED.

Mr. Moses Bradshaw has a pumpkin vine that measures 393 feet long and has 102 pumpkins on it. He also has the finest rice in the county. The heads are from 15 to 17 inches long and are about two-thirds grown.

SOUTH CLINTON.

The Rev. J. W. Turner holds service at the Chesnut school-house on Sunday next, Sept. 21st, at 11 A. M.

Duplin Notes.

We give the following extract from a private letter from Kenansville under date of September 8th:

Prof. Joyner made a fine impression here. About 75 teachers were in attendance. Average daily attendance of teachers and visitors was about 150. Tuesday Dr. Marable gave us an excellent address. Dr. Sachwell, of Burgaw, and Hon. E. J. Hill both gave fine lectures. Many intelligent readers are anxious to see Dr. S's lecture in print. Mr. Hill's lecture on S. A. was very instructive, and was listened to with marked attention.

Kenansville High School opened with fine prospects. Prof. McArthur's many friends are delighted to know that he will be in their midst another year. R. W. Millard's school opened to-day.

I suppose you have all the news about our county convention, which met last Tuesday. Zeb. Vance was endorsed.

Regular examination of teachers this week. No other news now.

A Mrs. Williams, of Marshall, Mo., shot and killed a tramp because he tried to force her to cook dinner for him.

Mr. Wadlow has devised a scheme to relieve the money market. The Government will purchase \$10,000,000 4 per cent. bonds.

The 66th sovereign grand lodge of the world, I. O. O. F., is in session at Topeka, Kan. The national convention of the I. O. O. F. is also meeting at the same place.

The steamer Puritan from Newport to New York was disabled off New London by a breakdown in her engine room. The steamer Pilgrim took her in tow for Newport.

A freight train going east over the Cincinnati and Muskingum Valley road was wrecked at Reed station, Ohio. The engineer was killed and the fireman badly injured.

Bishop Potter and family have arrived in New York from Europe. The bishop says his trip was very enjoyable, but expressed surprise at the few Americans he met during the journey.

The firm of Baker, Savage & Co., of Humboldt, Iowa, which has for years conducted one of the largest wholesale commission and produce business houses in northwestern Iowa, has failed. Liabilities, \$85,000; assets, \$50,000.

The body of Robert Ray Hamilton, whose trouble with his wife caused such a sensation a year ago, was found in Snake River, Mo. by J. O. Green, a son of President Norvin Green, of the Western Union Telegraph Company.

Ben Jackson, colored, ex-compler at Augusta, Ga., met with a horrible death under a train of cars at the Georgia railroad freight yard. He had climbed two cars when his foot tripped and he fell beneath the wheels and was mangled almost beyond recognition.

Rev. Wm. R. Miles, president of the Jesuit College in New Orleans, died of apoplexy yesterday just after retiring from the pulpit at the Church of Immaculate Conception. He was the regarded leader of the local clergy in eloquence and learning.

A prominent member of the Farmers' Alliance says a syndicate of European capitalists will advance \$25 per bale at 4 per cent. upon a million bales of cotton. The withdrawal of this amount of cotton from the market into store is expected to advance the price of cotton.

A sudden rise in the Ganley River, Va., Saturday night broke loose an immense fleet of coal barges. Thirty were scattered and nearly all were broken to pieces. The dam is nearly ruined, and navigation will be suspended for some time. The loss is \$125,000.

W. Ashby Hawkins and J. L. Deader, two colored students at the law school of the University of Maryland, have been informed that their presence in the law class is no longer desired. This action is the outcome of a protest signed by all the students in the medical, law, and dental departments, and sent to the faculty against their retention.

CABLE SPARKS. Late telegrams from Bern, Switzerland, say that the situation of affairs in that country is decidedly threatening.

The transfer of the body of Ericsson to a Swedish admiral, who will also charge of the remains, was made with much ceremony.

Sixteen soldiers belonging to the 78th regiment, German army, have been sentenced to several years' imprisonment in a fortress for refusing to obey the orders of their captain.

Diphtheria is epidemic in Berlin, and there are numerous cases of typhoid fever. This condition of affairs is largely attributed to the high price of meat, driving the poorer part of the population to eat garbage and diseased food. Similar conditions exist in other populous places in Germany, it is believed that the government will be specially forced to rescind the prohibition on American pork and other meat imports.

Good Southern Prospects. There is a very cheering prospect for the South in view, for our cotton fields are white with the fleecy staple, and though the price has declined from its very high point it has reached, yet it is considerably above the usual price at this season. This and a good tobacco crop will give our people much more money than they have had in many a year, and the fact that they have raised more provisions than customary will make them all the easier. You are in a Bad Fix But we will cure you if you will pay us. Our message is to the weak, nervous and debilitated, who, by early evil habits, or later indiscretions, have trifled away their vigor of body, mind and soul, and suffer all those effects which lead to premature decay, consumption or insanity. If this means you, send for and read our Book of Life, written by the greatest Specialist of the day; and sent (sealed) for 6 cents in stamps. Address: Dr. Parker's Medical and Surgical Institute, 151 North Spruce St., Nashville, Tenn.

CONSUMPTION SURELY CURED. To THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully, T. A. SLOCUM, M. C., 181 Pearl St., New York.
